

BA3A™

– BALLISTIC HELMET

The BA3A ballistic helmet is well suited for critical response personnel, security and mobile field forces. The BA3A helmet is available in a tactical-cut or a PASGT cut. The tactical-cut is a MICH-style design and the PASGT cut features a brim style helmet shell. Both of these cuts feature flared sides and extra wide eye port making them compatible with gas masks, communications and goggles.

PRODUCT HIGHLIGHTS

- Meets NIJ Level IIIA ballistic threat protection standards (9mm)
- Shell is manufactured using advanced Thermoplastic Aramid and composites
- Accommodates field-mounted face shields
- Universal fit

BALLISTIC PERFORMANCE TESTING

WARNING

Avon Protection ballistic helmet products are for occupational use only. Only qualified and trained operators should use these helmets. Many factors uniquely within the user's knowledge and control can affect the use and performance of the helmet. The user is solely responsible for evaluating the helmet and determining whether the helmet is suitable for user's intended conditions of use. Misuse or failure to follow warnings and user instructions may result in serious personal injury or death.

Export Control: The product(s) listed here may be controlled commodities under applicable U.S. export control laws and regulations, including, but not limited to, the U.S. International Traffic in Arms Regulations (ITAR) and the Export Administration Regulations (EAR). These laws and regulations may, among other things, prohibit the export and/or reexport of controlled product(s) to any or all locations outside of the United States without prior U.S. Government export authorization, the sharing of export controlled technical data and services with those anywhere who are not U.S. citizens or U.S. permanent residents, dealings with U.S. Government, United Nations and other "Restricted Parties," and proliferation activities including those that further nuclear, chemical, or biological warfare, missile stockpiling/use, or the use of rockets or unmanned aerial vehicle systems. Avon Protection and purchasers or prospective purchasers of this product(s) shall comply with all applicable export control laws and regulations, which may require obtaining and maintaining applicable export control authorization or licenses, and understand that the ability of a party to obtain or maintain such authorization or license is not guaranteed. The exporter of record has the sole responsibility to determine whether the export or subsequent reexport of the Avon Protection product(s) requires export authorization. An explicit condition to Avon Protection selling or making available the Avon Protection product(s) is the customer's agreement to comply with all applicable trade compliance laws and regulations.
